On May 2, 2022, [Bill A3802](#) was introduced in the New Jersey Assembly to prohibit medical creditors from reporting any portion of a medical debt, alleged to be unpaid, to any collection or credit reporting agency, bureau, or data collection facility. “Medical creditor” is defined as any person who purchases a debt arising from the receipt of healthcare services, or any health care provider that provides health care services and to whom the consumer owes money for health care services.
