On June 27, 2024, the U.S. Attorney's Office, District of New Jersey [announced](#) the filing of criminal charges against 13 New Jersey defendants arising from an alleged plan to defraud Medicare, Medicaid, TRICARE, and private health insurers as part of the Department of Justice's 2024 National Health Care Fraud Enforcement Action. All the nationwide cases resulted in over \$2.75 billion in alleged false billings, and the seizure of over \$231 million in cash, luxury vehicles, gold and other assets and actions against 193 defendants in total. The criminal charges stem from the Department of Justice's 2024 National Health Care Fraud Enforcement Action.

One of the New Jersey defendants, a medical biller, was charged with submitting false and fraudulent claims to the Amtrak health care plan for services that were not provided, resulting in plan losses of at least approximately \$960,000. Other defendants, including several from New Jersey and New York, were charged with allegedly allowing medically unnecessary billing in exchange for cash kickbacks and bribes paid by co-conspirator healthcare providers, resulting in losses of approximately \$11,000,000.
